Subject:Tow Companies For Coutts Event

All,

For your awareness I have gotten a commitment from the owners of a tow company in Lethbridge for towing passenger vehicles as well as a company in Redcliff for heavy haul. Their details are as follows:

1. **Personal Info.**

Lethbridge, Ab
Contact Phone: **Personal Info.**

2. **Personal Info.**

Redcliff, Ab
Contact Phone: **Personal Info.**

Personal Info. has agreed to attend to the Coutts area to tow and store any light vehicle as required.

Personal Info. has agreed to attend to remove any heavy vehicle that we require to tow. They did say that if we were seizing vehicles for crime related property related to the protests, they would like us to bring them to them and they will store them as they are still concerned of the optics of removing seized protest vehicles.

DEOC: Personal Info. has asked that someone contact them regarding the details of setting up the payment arrangements for vehicles that are stored there for the civil forfeiture process.

Thanks,

Chris
